City Attorney Robert Scott was asked to address the issue of the Mayor having this authority to be conveyed back to the Council.

Council Member Johnson made a motion to approve the item pulled from the Consent Agenda and file the minutes. Council Member Fagerlie seconded the motion, which carried.

At 7:08 p.m. Mayor Calvin opened the hearing to consider an ordinance amending the Municipal Code, Chapter 6, Article III, Division 2 with adoption of the 2016 Minnesota State Fire Code. There were six tax forfeited lots sold in late 2015 past the deadline to make the November 1st certification to Kandiyohi County and the purpose of the hearing is to certify these amounts against those tax forfeited lots. The amount pending against each parcel is the difference between the assessments that were unpaid when they became tax forfeited and the amounts the lots were sold for at tax forfeiture sale. No one asked to speak during the continued public hearing. Mayor Calvin closed the hearing at 7:16 p.m.

The Council discussed the possibility of a breakdown in the line of communication between staff and the property owners. Following discussion, Council Member Anderson made a motion to refer this matter to the City Administrator to develop a policy in conjunction with the County for pending assessments. Council Member Nelsen seconded the motion.

It was noted by City Attorney Robert Scott that by passing this motion the Council does not adopt the assessment resolutions. In the future if this matter should be brought back, the City would be required to go through the statutory requirements and provide notice to the property owners a second time. The motion to defer the matter to the City Administrator carried.

No one signed up to speak during the Open Forum.

Discussion was held in regard to the Miller Park projects. Council Member Christianson asked for clarification if the playground is to be replaced or totally removed with just the tennis courts being constructed. Mayor Calvin mentioned the Park Plan includes removing the tennis courts from Rice Park and consolidating where tennis courts are located within the City and that Miller Park was designated as one of the parks that would have tennis courts in the future. The plan is to remove tennis courts that are defective and construct

new ones at Miller Park. The playground equipment would be replaced with current equipment that would meet the safety requirements. By having tennis courts in one area, it would allow the City to host tennis tournaments. Following discussion, Council Member Christianson moved to approve the Miller Park improvements as presented, with Council Member Anderson seconding the motion.

Council Member Nelsen asked that Interim City Administrator McGuire contact Community Ed and Rec Director Brisendine for clarification that the plan also includes replacing the playground equipment at Miller Park.

Following discussion, the motion to approve the pulled item carried.

Mayor Calvin recessed the meeting at 5:30 p.m. and the meeting reconvened at 5:47 p.m.

Council Member Anderson presented the Vehicle Replacement Program. Council Member Anderson moved to approve the Vehicle Replacement Program as presented in the amount of \$923,135. Council Member Christianson seconded the motion.

Discussion included Finance Director Okins clarifying the only change was the two police vehicles that were removed to be included in a future budget. No other changes have been made since this was presented to Council in June. Finance Director Okins gave a brief review of the current vehicle replacement program.

Council Member Ahman asked if vehicles could be repaired to extend their usage with the City rather than purchasing new ones, in an attempt to save money. Council Member Anderson stated that we have a policy in effect and it is talked about each year if changes need to be made. Mayor Calvin stated that the mechanics go through each vehicle prior to it being replaced.

Council Member Anderson asked to pull the WTP Air Conveyance Trailer in the amount of \$185,000 to be discussed later.

Council Member Nelsen noted that the Replacement Program was last updated in April 2015, yet the crossouts were still there, and wondered if these changes are still pending approval. Mayor Calvin stated that these changes had been approved and these legislative changes should have been removed from the document.

Following discussion, the motion to approve the Vehicle Replacement Program, excluding the pulled item, carried.

Discussion continued on the WTP Air Conveyance Trailer. Public Works Director Christensen explained the need and purpose of the trailer and stated this is a trailer-mount system.

Council Member Anderson offered a motion to approve the WTP Air Conveyance Trailer. Council Member Christianson seconded the motion, which carried.

Item No. 3 Council Member Anderson called on Finance Director Okins to brief the Council on the Resolution. Finance Director Okins stated that due to the retirement of City Clerk-Treasurer Kevin Halliday, signatures for investment documents needed to be updated to authorize the Interim City Administrator, Finance Director and Accounting Supervisor to sign. Finance Director Okins stated that a minimum of two signatures are required on all documents.

Resolution No. 1 was introduced by Council Member Anderson, seconded by Council Member Christianson, reviewed by Mayor Calvin, and approved on a roll call vote of Ayes 7, Noes 0.

RESOLUTION NO. 1

WHEREAS the City of Willmar desires to name the City Administrator, Finance Director and Accounting Supervisor as signatories for investment documents.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Willmar that the City Administrator, Finance Director and Accounting Supervisor be authorized to sign for investment documents.

Resolution No. 2 was introduced by Council Member Anderson, seconded by Council Member Nelsen, reviewed by Mayor Calvin, and approved on a roll call vote of Ayes 7, Noes 0.

WMU Labor Committee Meeting Minutes
WMU Conference Room
Monday, October 3, 2016 – 8:00 a.m.

Attendees: Commissioners Carol Laumer (Chair), Joe Gimse & Dan Holtz, Interim General Manager John Harren, and Gary Weiers of David Drown Associates.

Commissioner Laumer called the meeting to order at 8:07 a.m.

AGENDA ITEMS:

➤ **General Manager Employment Agreement Discussion:**

Background: Following the final interview conducted before the full Commission on September 26th, it was by unanimous decision that the Commission offered the position of General Manager to Interim General Manager John Harren. Harren indicated that he would accept the proposed position upon the acceptance of a mutually-agreed upon Employment Agreement. The final step of the hiring process was to negotiate an agreement with Mr. Harren. Gary Weiers was present to assist in the negotiating process.

Following a review by City Attorney Robert Scott, the Labor Committee had submitted a proposed Employment Agreement (offer) to Harren for his consideration. Following a review, Harren presented a counteroffer to the Labor Committee.

The proposed Employment Agreement contained the following elements: 1) Duties; 2) Term; 3) Salary, Benefit Provisions & Compliance with Employer's Personnel Policies & Procedures; 4) Termination; 5) Performance Evaluations; 6) Professional Development; 7) Civic Membership; 8) Indemnification; 9) Bonding; 10) Other Terms & Conditions of Employment; and 11) General Provisions. Each component of the agreement was reviewed.

Various discussion ensued regarding the proposed agreement. Following discussion, Harren was invited into the meeting to express his thoughts on noted areas of the contract. Harren presented an item-by-item review of his counteroffer requests, thoughts, and clarifications related to the proposed contract.

Following a recap of the points of discussion, Harren was excused from the meeting to enable the Labor Committee to continue their caucus. At this time, a brief intermission was held.

At 9:26 a.m., the Labor Committee reconvened to further discuss the employment contract. Individual contract points of interest were addressed and modifications were made to the employment contract. This contract would subsequently be reintroduced to Harren for his consideration.

At 9:49 a.m., Interim General Manager Harren re-entered the meeting to continue the contract negotiations. Following discussion, Harren acknowledged that he will take the amended agreement under consideration. Following his review, Harren will contact Commissioner Laumer (LC Chair) and Weiers with his thoughts. Weiers and Attorney Scott will work together on the proposed modifications to the contract.

➤ **Adjournment:**

There being no further business to come before the WMU Labor Committee, Commissioner Laumer offered a motion to adjourn the meeting at 10:03 a.m. Commissioner Gimse seconded the motion which carried by a vote of three ayes and zero nays.

**WILLMAR PLANNING COMMISSION
CITY OF WILLMAR, MN
WEDNESDAY, OCTOBER 12, 2016**

MINUTES

1. The Willmar Planning Commission met on Wednesday, October 12, 2016, at 7:00 p.m. at the Willmar City Offices Conference Room #2.

** Members Present: Gary Geiger, Aaron Larson, Margaret Fleck, Steve Gardner, Bob Poe, and Rebecca Trongaard.

** Members Absent: Rolf Standfuss, and Randy Czarnetzki.

** Others Present: Megan DeSchepper- Planner.
2. MINUTES: The September 14, 2016 minutes were approved as submitted.
3. ACCESSORY DWELLING DISCUSSION: The Planning Commission continued their discussion regarding accessory dwelling units. The Commission talked about flexibility required in requirements, such as perhaps only requiring one parking space instead of two for an accessory dwelling unit. Percentage of lot coverage was also discussed, the consensus was that regular setbacks should be met for accessory structures. Staff will gather info regarding utility services and building code requirements for building separation. The Planning Commission formed a subcommittee to draft an Ordinance and will meet next week to begin work. They will bring a draft to a future Commission meeting.
4. MISCELLANY: Staff shared an excerpt from the draft sign section of the Zoning Ordinance that the Commission drafted last year regarding sandwich board signs. It allows for them to be put out daily during business hours. The language addresses the request of the business owner from the previous meeting to allow "occasional stores" signage. Staff also informed the Commission that the business owner at that specific site is installing a new sign with closer proximity to the street and an electronic reader board which will allow the store the sign visibility it requires.
4. There being no further business to come before the Commission the meeting adjourned at 8:11 p.m.

MINUTES
WILLMAR POLICE COMMISSION
Friday, August 19, 2016

A meeting of the Willmar Police Civil Service Commission was held on Friday, August 19, 2016. Members present were: President Kathy Schwantes, Vice President Dennis Anfinson, and Secretary Cassie Akerson. Police Chief Jim Felt and Administrative Assistant Sue Edwards were also present.

The meeting was called to order by President Schwantes at 2:59 p.m.

A motion was made by Commissioner Anfinson, seconded by Commissioner Akerson, to approve the July 26, 2016 minutes as submitted. **Motion carried.**

Commissioner Akerson explained that she had participated in the interviews for the police officer hiring on Tuesday and Wednesday this week. Fourteen applicants were interviewed, as one had withdrawn from the process due to opportunities elsewhere. Chief Felt thanked Commissioner Akerson for giving her time to help with the interviews.

The Commission then reviewed the final test results from the 14 candidates, including written test scores, oral interview scores, and preference points given for veterans. Chief Felt explained that he would be hiring two candidates immediately to replace Detective Dustin Van der Hagen and Officer Lukas Eitreim, and the next step would be to establish the eligibility register so backgrounds could be initiated.

After discussion, Commissioner Akerson made a motion, seconded by Commissioner Anfinson, to set the cut-off at 80% on the final scores, establishing the eligibility register by certifying the top seven names. Backgrounds will be sent out on the top five candidates. **Motion carried.**

Chief Felt updated the Commission on the following:

- Officer Sam Schaeftbauer is going to be joining the National Guards and will be leaving for basic training in early to mid-January and returning sometime in April.
- Officer Lukas Eitreim's last day with the department is Sunday, August 21st, as he has accepted a job with the Richfield Police Department.
- Officer Liebl, who is on military leave, arrived in Egypt last week. The department is putting together a care package to send to him in the next couple of weeks.
- CSO Ember Veldkamp's last day was Thursday, August 11th, as she is moving to Ely to continue her education. Nicole Hoppe has been hired as a CSO to replace Veldkamp.

- Officer Alex Anderson just completed his one-year probation on August 17th, so Chief Felt will be sending a memo to City Administrator Kruse recommending his appointment be made final.
- There was a good turn-out for the “Coffee with Cops” event today at the Goodness Coffee House. The next one will be at Lu Lu Beans in September, but no date has been set yet.
- On September 1, 2016, from 1:00 – 3:00 p.m., the department will be hosting a “Pop with the Cops” event at Miller Park, with Bernick’s donating the product. This will be a good opportunity for police officers to connect with the young people in the community.
- The department is seven days ahead of last year for Calls for Service. Being short officers right now, the department has had to fill some patrol shifts with overtime.

There being no further business, a motion to adjourn was made by Commissioner Anfinson, seconded by Commissioner Akerson. The meeting was adjourned at 3:31 p.m.

Update on the Grant Application for the Mural for WCC:

Darlene Schroeder is working with Ron Adams on the grant application and anticipates that it will be submitted to SMAC early next week. The work is scheduled to be completed in May 2018. The unveiling presentation at WCC will be video-taped and aired on WRAC8 and there will also be an on-demand link so that people can view the presentation on the internet. The evaluation process will have viewers complete post-it notes indicating who or what they identify with and how the painting stimulates their thoughts on community. Heidi Burton suggested that the school principals and teachers be approached to see if they would be interested in a late spring field trip in 2018 that would engage students. Heidi will follow-up on this idea.

Latino Senior Outreach Project:

A project proposal was submitted to United Way for a \$5,000 grant to serve Latino seniors by Central Community Transit to develop services in conjunction with Community Health Service, Inc, Lutheran Social Services Senior Companion Program and WCC. Staff updates:

Implementation of the FOB system.

- Ryan reported FOB system is working well for the front door. It is currently scheduled to be open automatically, Monday – Friday, 9 – 5 pm.
- The main door can only be unlocked and kept unlocked through computer programming. Ryan Harper will check to see if there is a way to have the bar changed so that a hex key can be used to keep the door unlocked (instead of propping it open.)
- FOBs will be distributed to users as they complete their contracts for 2017. How to keep the door unlocked. Where is the switch?
- There needs to be a way for people to access the AV Room and other equipment. Ryan Harper will work on a solution and report at the October meeting. **Staff role delineation:**
- Ryan Harper is the facility coordinator. Any questions or concerns regarding the building or equipment should be directed to him. The WCER number is posted on office door.
- Pam Vruwink will be the main liaison for doing marketing and is also the program lead for wellness. It was noted that an exercise program for women only(which is of particular interest to Somali women) will be available later in the fall at Jefferson and will be noted in the WCC fall program brochure and should also be in the WCER brochure.
- Tammy Rudningen is the lead for enrichment programming.
- Ryan, Tammy and Pam are working on the updating the old volunteer manual that will become a user handbook. Pam asked board members for input on the mission statement. Members requested that the old mission statement and the principles adopted at previous meetings be sent out via email and that updating the mission statement be put on the October agenda.

- **WCER brochure:** No information was available on the cost of this publication. It was noted that the covers and the format could be reviewed to better reflect life-long learning and the community-wide scope of WCC.

Sound system: Darlene Schroeder will discuss sound system options with entertainers who use WCC.

Status of parking issues: Congestion is expected until September 22nd when the neighboring building will be completed.

Organization of equipment and storage:

- There needs to be information on where items are located, easily accessible to all users.
- A number of groups have items stored at WCC. There should be a policy developed regarding what and where items can be stored by users. An inventory of items currently stored should be developed. Rental agreements should be reviewed to see if storage is addressed.
- Use of and access to the office by volunteers and users needs to be addressed. It was noted that coffee money stored in the office should be stored in a locked drawer.
- There was discussion on developing a kids area, perhaps in the alcove off of the Selvig Room. There were no decisions or recommendations.

Board member terms: As a number of new members have been added to the WCC Board in the past year, it was suggested that terms be staggered. This will be discussed at meetings over the next few months. The governing document should be distributed and updated, as needed.

Next meeting, Friday, October 14, 2016, 8:30-10 AM

Meeting adjourned.

What You Need to Know About Your Later Years

Long-term care refers to the help with personal care such as dressing, bathing and household tasks that most people need as they age. Because the number of older people is growing and because so many of us are living longer, the need for long-term care is expected to grow dramatically in the next 30 years. This session will give you a checklist to help you create a unique plan for your future. It will cover how to talk to your family about your preferences for long-term care, what types of services your community offers, how to decide whether to move or stay in your house and the other housing options to consider, and the options you have for how to pay for the long-term care you want. Planning guides will be provided to the attendees at the session.

LaRhae Knatterud is the Director of Aging Transformation for the Minnesota Department of Human Services. She is the lead staff of Minnesota's Own Your Future campaign, the governor's initiative to urge Minnesotans to plan for their long-term care, including how to pay for it. She is also the lead staff for Aging 2030, a project to prepare the state for a permanent shift in the age of the population, beginning with the large baby boom generation that started turning 65 in 2011.

**BOARD OF ZONING APPEALS
CITY OF WILLMAR, MN
MONDAY, OCTOBER 10, 2016**

MINUTES

1. The Willmar Board of Zoning Appeals met on Monday, October 10, 2016 at 5:00 p.m. at the City Office Building.

** Members Present: Jeff Kimpling, Jay Lawton, Beverly Dougherty, Dan Anderson, Jim Rudnick, and Tom Butterfield.

** Members Absent: Andrew Engan.

** Others Present: Gary Laughlin, Francis and Mary Kalvoda, Gaye Mellema, Jim Viaene, Todd Kleinhuizen, and Megan M. DeSchepper- Planner.

2. QUALITY APPLIANCE SIGN SETBACK VARIANCE-FILE NO. 16-03: The public hearing opened at 5:01 p.m. Jim Viaene, owner of Quality Appliance and the property, presented a request for a variance for a 2' sign setback on property legally described as follows: part of the NW ¼ of NW ¼ Section 23, Township 119, Range 35 (1417 1st St. S.). Mr. Viaene explained that the existing monument sign is at a 1' setback, his plan is to remove the two existing dilapidated signs and install one new sign at a 2' setback from the property line. He explained that if the sign were installed where Ordinance required it would adversely affect traffic flow and parking on site for his four tenant building.

Staff comments were reviewed and discussed (see attachment A). The Zoning Ordinance requires signs be setback a minimum of 8' from the property line in the GB (General Business) Zoning District.

With no one to speak for or against the request the public hearing closed at 5:10 p.m.

The Board talked about the site being quite old and surrounded by corn field when it was developed. Removing the two existing signs will be an improvement to the property. They talked about the existing sign historically being placed in close proximity to the property line with few options in a small tightly developed lot.

Mr. Lawton made a motion, seconded by Ms. Dougherty, to approve the 2' sign setback with the condition that the two existing freestanding signs be removed prior to installation of the new sign.

The motion carried.

The reasoning the Board gave for approving the variance is that the variance is in harmony with the Zoning Ordinance and intent of the Comprehensive Plan. It will not affect the essential character, is reasonable, and unique to the property as the site is small

for the size of the building and meeting the ordinance would negatively affect traffic flow and reduce parking.

3. KALVODA REAR SETBACK VARIANCE- FILE NO. 16-04: The public hearing opened at 5:15 p.m. Francis Kalvoda presented a request for a rear setback variance of 11' to allow a sunroom addition onto his home on property legally described as follows: Lot 2, Block 1, Southgate Second Addition (2421 Williams Parkway SW). The property is zoned R-2 (One and Two Family Residential) which has a minimum rear setback of 30'. Mr. Kalvoda explained the home currently sits at a 27' rear setback, with a patio that is larger than the proposed 16' x 16' sunroom addition. He talked about the natural gas pipeline that goes abuts the front yard of his property creating a larger front yard and setback from the street. The property to the south is currently Ag land and not within the City Limits.

The public hearing closed at 5:20 p.m. with no one to speak for or against the request.

The Board reviewed and discussed staff comments (see Attachment A). They talked about other homes to the east that are similarly situated with what appeared reduced rear setbacks. They talked about the utility pipeline being unique to the neighborhood and uncertainty of when and if land to the south would be annexed and residentially developed.

Ms. Dougherty made a motion, seconded by Mr. Butterfield, to approve the 11' rear setback as requested.

The motion carried.

The reasoning the Board of Zoning Appeals gave for approving the variance was that the property is unique due to the natural gas pipeline in the front yard reducing rear yard setbacks. They found the request to be in harmony with the Zoning Ordinance and Comprehensive Plan. The property is being put to reasonable use that adjacent properties are afforded. And it will not alter the essential character of the locality but improve it.

4. ROCK OF LIFE CHURCH CRC SIGN HEIGHT VARIANCE-FILE NO. 16-05: The public hearing opened at 5:25 p.m. Todd Kleinhuizen and Gaye Mellema presented a request for a variance on behalf of Rock of Life Church CRC to allow an 11' high freestanding sign on property legally described as follows: part of SW ¼ of SW ¼ of NE /14 Section 22, Range 35, Township 119 (1708 8th St. SW). The property is zoned R-2 (One and Two Family Residential) in which freestanding signs are limited to 6' in height.

Mr. Kleinhuizen explained that the property is residentially zoned but abuts two industrially zoned pieces of property. The church recently built a new sanctuary and removed a spire in the past that helped people way find for funerals and weddings. They do not have visibility from the main collector road 19th Ave. SE and have issues with people locating their church as there are also two other churches in close proximity with better visibility. They will be removing the existing monument sign.

With no one to speak for or against the request the public hearing was closed at 5:35 p.m.

Staff Comments were reviewed and discussed (see Attachment A).

The Board talked about the residential nature of the neighborhood and that but yet the church does abut the industrial properties to the south. This property is kind of a buffer for the residential properties to the north. They discussed not wanting to set a precedence for other church signs, however this property isn't in the middle of a residential area it's really on the edge. The Board also talked about timers vs. photo cells on the lit sign.

Dougherty made a motion, seconded by Mr. Butterfield, to approve the 11' high sign variance as requested.

The motion carried.

The reasoning the Board gave for approving the variance was that this property is unique as it is residential but abuts industrial property. The sign is not close in proximity to any homes and is consistent with the comprehensive plan and harmony of the Zoning Ordinance. The request is reasonable as wayfinding is an issue. The variance will not alter the essential character of the locality as it has been a church for decades.

5. With nothing further to come before the Board the meeting adjourned at 5:38 p.m.

Respectfully submitted,

Megan M. DeSchepper, AICP
Planner/Airport Manager
